CUSTOM UNIFORMS

CUSTOMIZE YOUR TEAM JERSEY

Choose MODEL, STYLE, COLORS and FONT to design your very own jersey.

CUSTOM JERSEY PROCESS:

Send an email to myjersey@lottosport.com requesting the order form.

Once received, fill it in by following these simple steps:

A) DESIGN AND ORDER

1. Select the model.
2. Choose your favourite graphic or design your own.
3. Indicate the pantone colours among the proposed ones.
4. Include the team crest and/or sponsors vector files and indicate the need on the form.
5. Choose the font to use for names and numbers among the proposed ones.
6. Enter the quantities by size. If you requested names and numbers, specify the related size and quantity.
7. Complete the form with the customer details and the destination address.
8. Send the order form to the same email address you requested it to.
9. Within 5 days, you will receive the form with the design, the order details for confirmation, the amount to be paid and the bank account to use for the payment.
10. If corrections are needed, please report them to the same email address you requested it to.
Once you confirm the order and the design, and we receive the payment for the full amount, you will receive the invoice and the expected delivery date.
11. Once shipped, we will notify you with the tracking code.

B) CONDITIONS

Before preparing the order, pay attention to the following conditions:

1. The minimum order quantity is 30pcs with at least 2pcs per size.
2. Available sizes are 4XS - 3XL, please see conversion chart at page 116.
3. Delivery is expected within:
A. 45 days from payment receipt for orders between June and September.
B. 30 days from payment receipt for orders between October and May.
4. Total payment must be made in advance as indicated in above point A) 9.

PERSONALIZZA LA MAGLIA DELLA TUA SQUADRA

Scegli MODELLO, STILE, COLORI e FONT per disegnare la tua maglia.

PROCESSO DI PERSONALIZZAZIONE:

Invia una mail a myjersey@lottosport.com richiedendo il modulo d'ordine.

Una volta ricevuto, compilalo seguendo questi semplici passaggi:

A) DESIGN E ORDINE

1. Seleziona il modello.
2. Scegli la grafica che preferisci oppure disegnane una tu.
3. Indica i colori pantone tra quelli proposti.
4. Includi i file vettoriali dello stemma della squadra e/o degli sponsor e indica la necessità sul modulo.
5. Scegli i font da utilizzare per nomi e numeri tra quelli proposti.
6. Inserisci le quantità per taglia. Se hai indicato nomi e numeri, specifica le relative taglia e quantità.
7. Completa il modulo con i dati dell'ordinante e l'indirizzo di destinazione dell'ordine.
8. Invia la richiesta d'ordine allo stesso indirizzo mail a cui hai richiesto il modulo.
9. Entro 5 giorni lavorativi riceverai il modulo con il disegno, la conferma delle richieste, l'importo da pagare ed il conto corrente su cui effettuare il versamento.
10. Se ci sono elementi da correggere, segnalali allo stesso indirizzo mail a cui hai richiesto il modulo.
Una volta confermato l'ordine e il design, e ricevuto il pagamento per l'intero importo, riceverai la fattura e la data di consegna prevista.
11. Al momento della spedizione ti comunicheremo il codice di tracciamento.

B) CONDIZIONI

Prima di preparare l'ordine, poni attenzione alle seguenti condizioni:

1. Le quantità minime da ordinare sono 30pz di cui almeno 2pz per taglia.
2. Le taglie disponibili sono: 4XS - 3XL, la tabella di conversione è disponibile a pag 116.
3. La consegna è prevista entro:
A. 45gg dal pagamento per ordini confermati tra giugno e settembre.
B. 30gg dal pagamento per ordini confermati tra ottobre e maggio.
4. Il pagamento va effettuato in anticipo per l'intero importo come indicato al precedente punto A) 9.

FOOTWEAR

	MAESTRO	SOLISTA	STADIO	TACTO
FEATURES	The MAESTRO line offers advanced technological solutions for players who require support, stability and control to perform at their best on the pitch.	The SOLISTA line is designed for fast-moving players looking for a lightweight, flexible and responsive shoe to achieve the best performance.	Italians, like no other, know how to choose the best leathers to craft a superb soccer boot. For thirty-four years STADIO has been the choice of players who dominate the game in style.	TACTO technical solutions are designed for fast and dynamic players, who leverage their touch of the ball, speed and precision to express the essential elements of their playing style.

TECHNOLOGIES

FIT CONTROL

M-shaped side structure designed to provide lateral stability.

ASYMMETRIC-LACING

To increase the ball control area.

LACELESS

Laceless in soccer has been introduced by Lotto for the very first time ever in 2006. The current version improves the fit and further reduces the weight.

ADAPTO

Soft portion of the anatomically shaped heel counter designed to reduce the risk of tendinitis.

BFC

Stiff insert combined with the outsole and positioned from the heel to the medial part for torsion containment.

PUNTOFLEX

Outsole construction designed to allow the foot to flex correctly and give an excellent elastic return.

MULTIFLEX

Outsole design (evolution of the Puntoflex technology) to improve grip and stability during multidirectional movements.

PIVOT

Outsole tread designed to enhance flexibility and responsiveness on the forefoot area.

SHOCK-OFF

Shock absorption insert in the heel to reduce foot injuries and fatigue.

ERGO TONGUE

Tongue made of a one-piece stretch material to adapt to the foot.

ANKLE SHAPE

Ankle sock area engineered to improve support and lateral stability.

DOUBLE FIT

Availability of two insoles of different thicknesses for a customizable fit.

MICHELIN®

The Michelin® rubber provides extra wear and abrasion resistance, together with better traction and stability.

STITCHED OUTSOLE (STO)

The outsole is stitched to the upper to increase the longevity of the footwear.

OUTSOLES

FG Firm Ground

Outsole with 11 to 15 studs, in a variety of solutions featuring blade and conical shapes, to provide traction and stability on short and dry or slightly damp natural grass. Outsoles also suitable for latest generation of artificial grass.

AGM Artificial Ground

Outsole with 21 to 30 conical TPU or rubber studs to provide traction, stability, wear resistance and comfort on artificial grass and hard natural grounds. Lateral channels ease the dispersion of artificial grounds filling granules.

SGX Soft Mixed Ground

Outsole with 10 or 11 conical studs: 6 interchangeable steel studs, and 4 or 5 fixed nylon or TPU ones, to provide traction and stability on wet grass, soft and muddy grounds.

TF Turf

Outsole with several small rubber studs designed to offer traction, stability and wear resistance on first generation artificial or icy natural grounds.

ID Indoor

Flat outsole made of non-marking artificial rubber, with a tread designed to offer excellent grip on indoor futsal surfaces and for playing outdoors on concrete or the street.

MATERIALS

OUTSOLES

NYLON

Super light, wear resistant and flexible outsole.

TERMOPLASTIC POLYURETHANE (TPU)

Flexible, elastic, light and extremely abrasion resistant outsole.

RUBBER

Synthetic rubber for excellent comfort, grip and wear resistance.

ID RUBBER

Synthetic non-marking rubber for excellent comfort and grip.

UPPERS

EVO KNIT

Innovative knitted uppers made of light and durable yarn.

LEATHER

Natural thin and resistant leather with unique glove fit and ball sensitivity.

GENIUS LOCI MONTEBELLUNA
SOLISTA

THE SOCCER REVOLUTION Laceless since 2006

Seventeen years ago Lotto invented the first laceless soccer shoe,
changing forever the world of soccer.

Designed for the fastest players on the pitch, the innovations and design featured in SOLISTA 100 have set new standards for the whole soccer world.

ANKLE SHAPE

Excellent wearability and great comfort

LACELESS

A one-piece 3D knit for unrivalled lightness

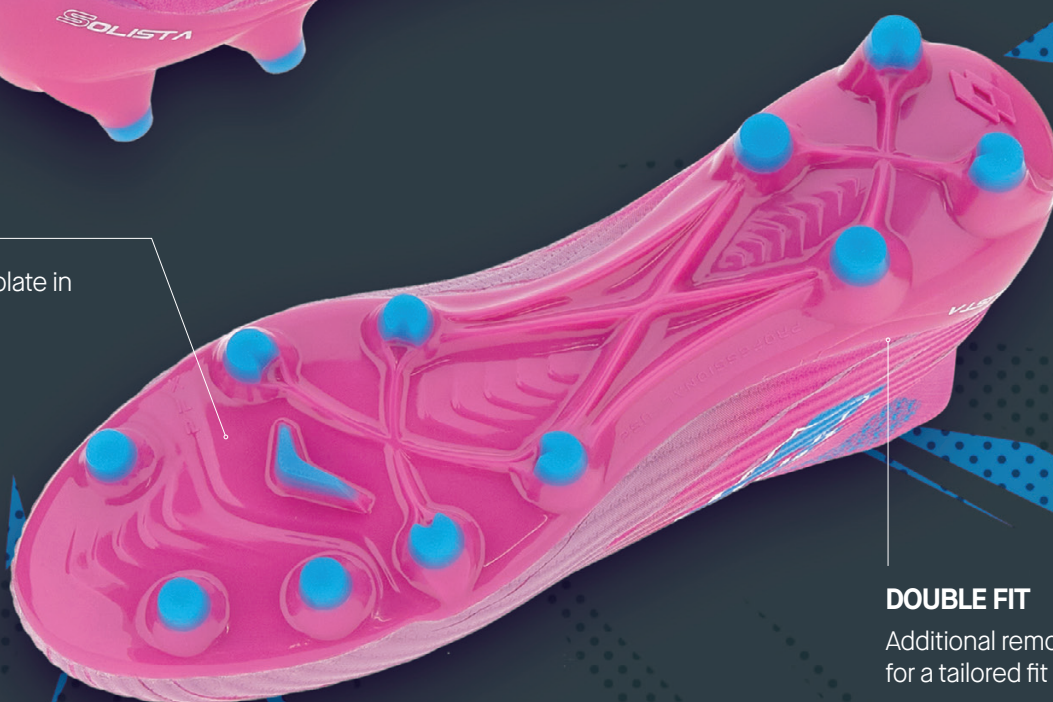

ERGO TONGUE

Performance tongue designed to hold the foot

SOLE

Super light sole plate in Nylon

DOUBLE FIT

Additional removable insole for a tailored fit

No laces nor seams, the one-piece 3D knit upper wraps the foot like a glove!
The result is a tailored fit and an extreme gameplay agility.

ANKLE SHAPE

ERGO TONGUE

SOLISTA 100 IX GRAVITY is Lotto's LACELESS boot for fast players. The upper is made of a 3D knitted material to provide ultimate lightness, aerodynamics and ball control. Solista continues the tradition of the first ever laceless boot on the market, with a renovated graphic inspired by speed. This boot is recommended for professional use.

The rear printing recalls the company's origin in Montebelluna, the cradle of footwear, and the Italian genius for the creation of the first laceless soccer boot ever.

UPPER

- 3D knit for maximum comfort and a perfect fit, covered by TPU film to improve abrasion resistance
- Special design and emboss on upper front part to enhance ball control
- Ergo Tongue: a stretch sock for maximum comfort and fit
- Ankle shape: reinforcement placed in the sock area to sustain any foot movement and provide total comfort and support
- Premium microfiber internal lining with soft memory foam on the heel area to maximize comfort
- Double Fit: provided with an added removable insole to optimize the boot fitting

OUTSOLE

- PUNTOFLEX outsole construction designed to allow the foot to flex correctly and give an excellent elastic return
- FG: 6 EVO-studs placed in strategic areas to improve traction, acceleration, braking and sudden direction changes mixed with 5 conical studs to improve stability, flexibility, ease multidirectional moves and take off from ground, one blade stud for extra traction and control during the acceleration phase

SGX

- Material: Nylon PA 12 for excellent flexibility, reactivity, and lightness thanks to the reduced thickness of the outsole design
- SGX: 6 interchangeable studs placed in strategic areas to improve traction and stability on soft but not muddy grounds mixed with 2 EVO-studs and 2 classic conical studs, one blade stud for extra traction and control during the acceleration phase

TACTO

100

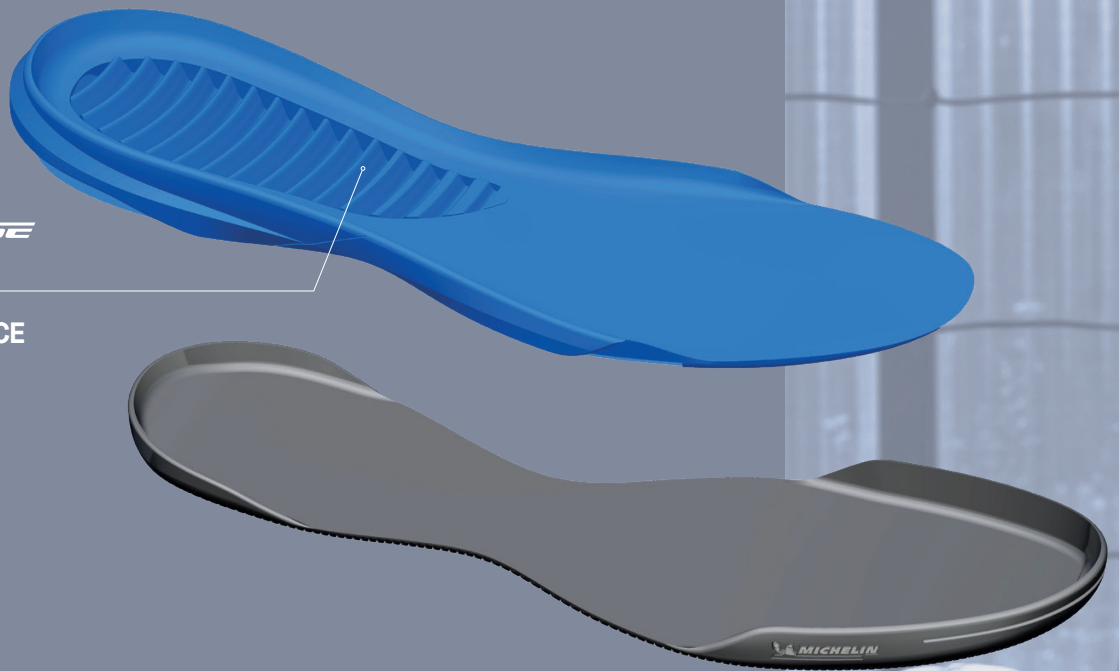

MICHELIN® FROM TIRES TO SOLES.

MICHELIN® has more than 130 years of relentless innovation to meet consumer needs, starting with tires and naturally evolving into the design of high-performance outsoles. Lotto incorporates this rubber know-how into the TACTO soles, leveraging MICHELIN®'s expertise in rubber compounds and tread design, to improve the footwear's performance on indoor futsal courts.

 **HYPERPULSE**

EVA COMPOUND FOR
OPTIMAL PERFORMANCE

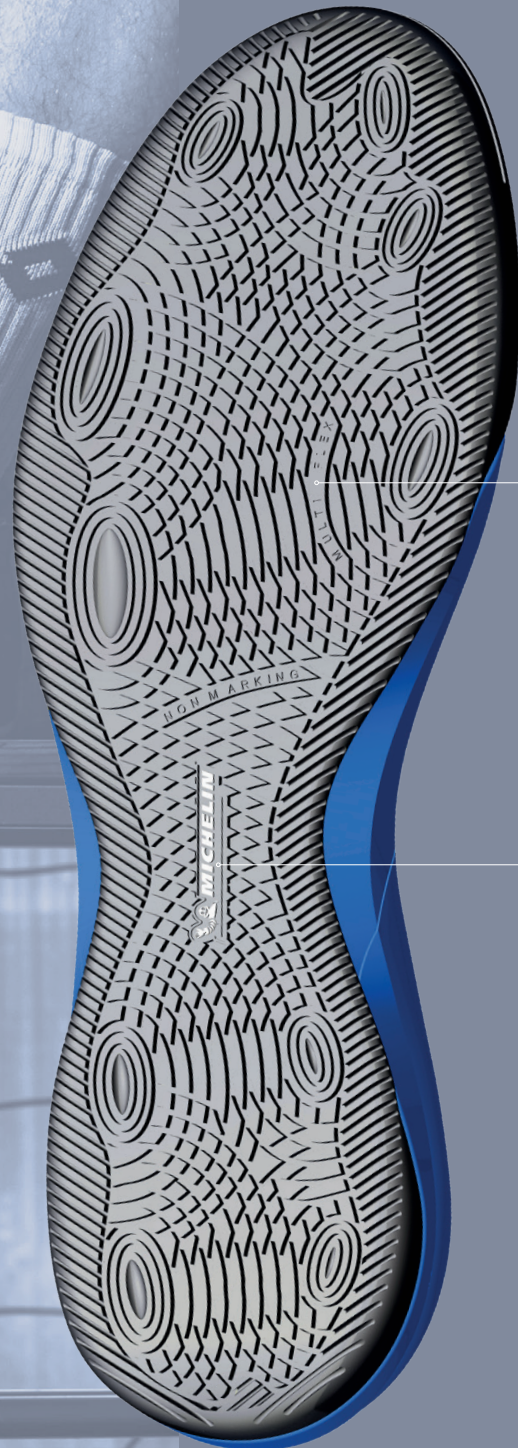

- cushioning
- energy return
- anatomic fit

Lotto and MICHELIN® developed together this innovative outsole with a specific tread pattern inspired by MICHELIN® tire designs and adapted by Lotto R&D Lab to provide excellent traction on futsal playing surfaces.

The outsole is made of a special MICHELIN® compound, originally used to enhance grip on slippery wet surfaces, and is 20% softer than regular compounds, providing:

- higher grip on courts where sweat and dust can reduce traction
- better flexibility to maximize speed and agility
- longer durability

**MULTIFLEX FLEXIBLE CHANNELS**

- flexibility
- lateral traction and stability
- optimal rotation

**HIGH DURABILITY RUBBER**

- extra grip
- adherence
- traction
- durability

HYPERPULSE

MICHELIN®

MULTIFLEX

STO

The innovative TACTO HYPERPULSE 100 is tailor made for professional players. Thanks to the HYPERPULSE technology, the new MULTI-FLEX tread design and MICHELIN® outsole compound, TACTO HYPERPULSE 100 provides superior cushioning, flexibility, traction, and durability. Low midsole profile and full grain leather guarantee great sensibility and ball control. The nylon mesh inserts on the quarter guarantee breathability and comfort.

UPPER

- Vamp made of comfortable and resistant full grain leather
- Nylon mesh on quarter and on tongue
- Toe cap reinforcement in rubber to ensure durability and protection during toe-pokes
- HEEL CONTROL: hot melt film ensures heel stability and support

OUTSOLE

- MULTI-FLEX technology: flexible rubber channels placed all over the bottom of the outsole enhance flexibility, lateral traction, stability and guarantee optimal rotation
- HYPERPULSE EVA midsole technology: the "blade" design creates a propulsive effect during the run, ensuring cushioning in the first phase of the foot roll and energy return in the second phase
- MICHELIN® rubber compound offers an excellent compromise between grip and durability to respond to the extreme stress of futsal movements
- ID: non-marking flat outsole with tread designed to offer excellent grip on indoor futsal surfaces and for playing outdoors on concrete or the street

TACTO 250 is the innovative ultralight Lotto's Futsal shoe. The knitted construction ensures a sought-after glove effect for the top futsal player looking for great support while moving fast on the court.

UPPER

- Knitted construction, to guarantee lightness, extra comfort and a perfect fit
- Toe cap reinforcement in TPU material to ensure durability and protection during toe-pokes

OUTSOLE

- MIDSOLE: EVA midsole ensures cushioning and fatigue reduction
- TF
 - Material: Rubber for grip and comfort
 - TF: for outdoor and indoor synthetic grounds/hard grounds. With numerous small studs to optimize grip and stability
 - PUNTOFLEX outsole construction designed to allow the foot to flex correctly and give an excellent elastic return
- ID
 - Material: non-marking rubber for grip and comfort
 - ID: flat outsole with tread designed to offer excellent grip on indoor futsal surfaces and for playing outdoors on concrete or the street
 - PUNTOFLEX and PIVOT technologies to enhance flexibility and reactivity on the forefoot area

COLLECTION FABRICS

COTTON

**INTERLOCK**

Interlock fabric is a double-knit fabric with a blend of cotton and polyester. The knitting process, using two rows of needles, creates a very soft feeling textile.

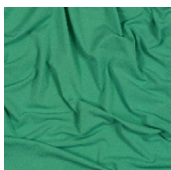

TC 75 SOFT D/INTERLOCK (Cotton:60% - PL:40%) - 280 gr.

**JERSEY**

Cotton jersey is a natural fiber fabric. Weight, elasticity and texture may vary according to the manufacturing process. The fabric allows easy drying of the clothes.

COTTON CVC SOFT JERSEY TEAM (Cotton:60% - PL:40%) - 160 gr.
POLYESTER COTTON TEAM (PL:65% - Cotton:35%) - 180 gr.

POLYESTER

**JERSEY**

Polyester jersey is a single-knit synthetic fiber known for lightness, flexibility, warmth and insulation.

POLYESTER JERSEY TEAM (PL:100%) - 135 gr.

**MESH**

Polyester mesh is made of synthetic materials with great wear resistance properties. This knitted fabric guarantees high breathability, quick dry, freedom of movement, and lightness.

POLYESTER MINI WAFFLE TEAM (PL:100%) - 120 gr.
POLYESTER MESH TEAM (PL:100%) - 110 gr.

**FLEECE**

Very comfortable synthetic fabric due to its light weight and anti-perspiration qualities, and allows moisture to evaporate while blocking humidity from the outside.

POLYESTER BRUSHED TEAM (PL:100%) - 230 gr.

POLYESTER TEAM (PL:100%) - 240 gr.

POLYESTER LIGHT PILE TEAM (PL:100%) - 220 gr.

**TAFFETÀ**

Taffetà is a fine, crisp plain weave fabric with a weak weft due to the increased number of warp threads. It often has a glossy surface.

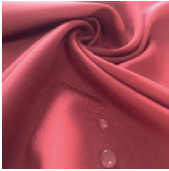

POLYESTER TAFFETA 300T PU COATED TEAM (PL:100%) - 70 gr.

POLYESTER TAFFETA 210T PU COATED TEAM (PL:100%) - 60 gr.

**INTERLOCK**

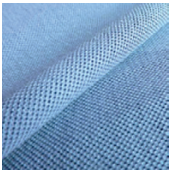

Polyester Interlock is a double-knit fabric available in various weights and widths. Thanks to its good moisture-dispersion properties, the fabric is ideal for sportswear.

POLYESTER INTERLOCK TEAM (PL:100%) - 200 gr.

**POLITRICOT**

Politricot is a chemical opaque polyester fiber. The top layer is tear and scratch resistant.

POLYESTER MATT TEAM (PL:100%) - 190 gr.

**PIQUET**

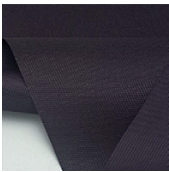

Polyester piquet is a polyester-based fabric featuring a honeycomb structure that creates a subtle pattern and texture. The fabric has excellent fit, suits well and does not stick on the skin.

POLYESTER PIQUET TEAM (PL:100%) - 165 gr.

**BONDED**

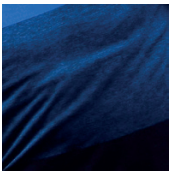

The bonded fabric is composed of two layers of fabric, a softshell fleece and a waterproof membrane that make the material breathable and very resistant.

POLYESTER BONDED SOFT SHELL TEAM (PL:100%) - 260 gr.

**DOBBY**

Dobby is a woven fabric characterized by small geometric patterns and textures. It is a light and soft, durable, and resistant polyester fabric that guarantees a high level of comfort.

POLYESTER MICRO DOBBY TEAM (PL:100%) - 100 gr.

**SEAMLESS**

Seamless is a single and continuous knitted fabric that allows optimal sweat dispersion and provides excellent comfort given the absence of stitches.

NYLON SEAMLESS TEAM (PL:95% - Elastane:5%)

NYLON POLYESTER TEAM (PL:90% - Syntetic Rubber:5% - Elastane:5%)

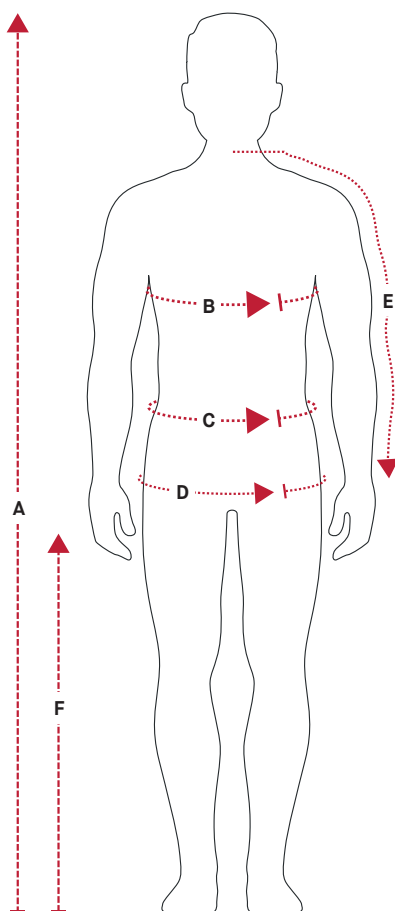

**POLYESTER ACCESSORIES**

Nylon is a strong and durable fabric with great tear resistance.

POLYESTER 300/600D (PL:100%)
